Stitch the inner border strips together forming one long piece. Measure the quilt top at the center point from top to bottom and cut 2 strips to that measurement. Stitch to the sides of the quilt top. Measure the quilt top from side to side across the center and cut 2 strips to that measurement.

Stitch to the top and bottom of the quilt top.

Outer border:

Cut (4) lengthwise strips 8 1/2" wide. Measure quilt top as directed above to determine the length to cut each strip. Stitch outer borders to the quilt top.
