Notes:

Label your cut pieces to avoid mixing up similar sizes.

HST = half square triangle

WOF = width of fabric

Seam allowance is 1/4"

Press seams open for less bulk. Spray starch is recommended.

Star Block - Make Ten

12½" unfinished

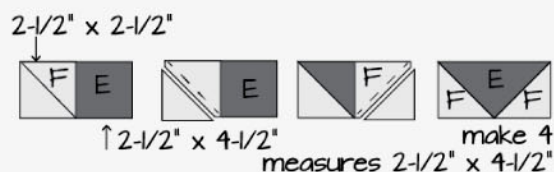

Half Square Triangle (HST) Unit

1. Draw a line from corner to corner on the wrong side of a 2⅞" x 2⅞" **B** square. Place on a corresponding **C** square, right sides together. Sew ¼" from each side of the drawn line.
2. Cut apart on the line and press toward **B** Square. This will create two HST. Make a total of 8. Trim the little "ears". They measure 2½" x 2½".
3. Arrange two HST with a 2½" x 2½" **A** square and a corresponding **D** square. Sew together as shown. Make four. This unit measures 4½" x 4½".

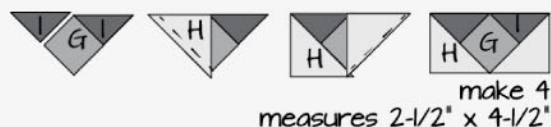

Flying Geese Unit

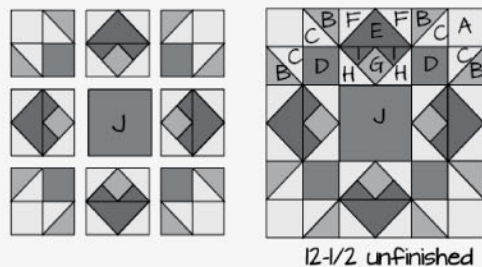

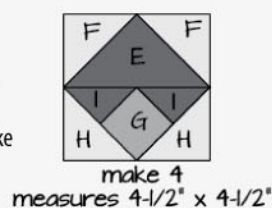

1. Draw a line from corner to corner on the wrong side of a 2½" x 2½" **F** square. Place on one end of a 2½" x 4½" **E** rectangle, right sides together. Stitch on the line and trim corner away.
2. Repeat this process on the other side of the rectangle. Press. This is one flying geese unit. Make four. It measures 2½" x 4½".

3. Sew a 3¼" **I** triangle to each side of a 2" **G** square as shown. Don't trim the "ears" yet. They will help to align the H triangles.

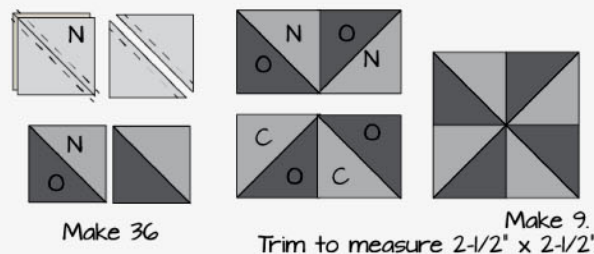

4. Add a 2⅞" **H** triangle as shown. Trim. Make four, they measure 2½" x 4½".
5. Sew each of these to a flying geese unit as shown. Make four. They measure 4½" x 4½".
6. Arrange the units as shown and sew together. Make ten blocks.

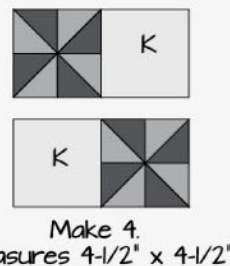

Pinwheel Block - Make Ten

12½" unfinished

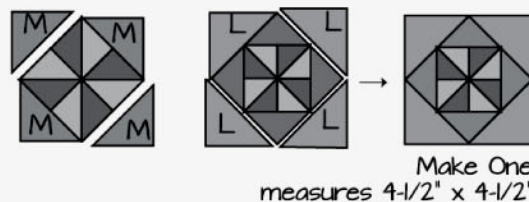

1. Use the HST directions above to make 36 HST from 2" x 2" **N** & **O** pieces. Arrange four HST in a pinwheel as shown and sew together.
2. Trim pinwheel and square to 2½" x 2½". Make nine pinwheels.

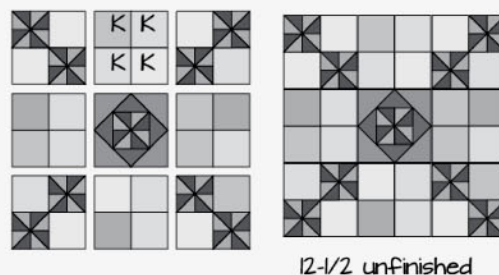

3. Arrange two pinwheel units with (2) 2-1/2" x 2-1/2" assorted **K** squares. Sew together. Make four. This measures 4-1/2" x 4-1/2".

4. Sew a 3¼" **D** triangle to opposite sides of the remaining pinwheel. Add two more **D** triangles to the other sides.
5. Repeat with the 2⅞" **L** triangle pieces. This is the center of the block and measures 4½" x 4½".

6. Use (16) 2½" assorted **K** squares to make four 4patch units. They measure 4½" x 4½". Arrange the units as shown and sew together. Make 10 blocks.

Quilt Assembly

Layout blocks in five rows of four alternating blocks, using the quilt photo as a guide. Add 1½" inner border sides and then top and bottom. Add 5½" outer border sides and then top and bottom. Layer, and quilt. Bind with 2½" pieced binding.
