## Antique Roses - A free pattern for you from Crabapple Hill, Lecien, and Cosmo

- Trace pattern onto #549 - 1000 Colors stitchery background fabric
- Place traced fabric right side up on top of a piece of muslin and press. Hand baste the two layers together around the edges of the design and through the center of the design in a few places to hold the fabric layers together.

Stitch as Follows using 2 strands of floss and a backstitch unless otherwise directed:

#8031 ribbon

#8065 swirl border - use only one strand of floss  
French knots use 2 wraps

#8073 stems, bud caps, and leaves (use more of the green in the floss than the beiges)

#8006 and #8008 roses and buds - use 36" of one color and then switch to 36" of the other color when it runs out. Switch back and forth between the two to complete all flowers.
